Noida, Sec 62 | +91 62995 65056 | smartpraveenniit@gmail.com

CAREER OBJECTIVE

Aspiring cybersecurity professional with a background in computer applications, programming, and web development. Actively building offensive security skills through hands-on labs and projects. Passionate about ethical hacking, scripting, and system security—leveraging AI tools to accelerate learning and automate security tasks.

SKILLS

Programming: c, c++, Python (scripting, automation, scanning), Java (OOPs, console apps)	Cybersecurity: Kali Linux, Nmap, Burp Suite, Dirb, Nikto, Metasploit, Wireshark, OWASP Top 10 (XSS, SQLi, CSRF, IDOR),	Web Development HTML, CSS, JavaScript, React.js (Basic), PHP, REST API
---	---	--

PROFESSIONAL EXPERIENCE

Coder Softech

Jan 2021

VAPT Associate

During my college years, I founded and operated a digital marketing agency for three years. As the founder, I was responsible for building the business from the ground up—starting with market research, setting up the company structure, and developing core service offerings in areas such as social media management, search engine optimization (SEO), content marketing, and paid advertising.

PROJECTS

DIVAS

Secure Data Integration between Voter and Aadhaar
